SAKI

TOZAI "LIVING JEWELS"

Produced in Kyoto's ancient brew-ing town of Fushimi, known for its abundant supply of pure, pristine, and soft water from many nearby mountains. The label image is a Japanese "koi" whose vibrant colors and shimmering scales have earned them the moniker "living jewels".

BOTTLE \$47

TOZAI "WELL WISDOM"

The juicy watermelon notes in this sake make it perfect for a warm day or for an apertif. Well of Wisdom draws its water source from the town of Fushimi, which means "hidden water" and is known for its characteristically soft and pure water that is perfect for brewing sake.

BOTTLE \$33

TOZAI "SNOW MAIDEN"

This is fairly thick and chewy nigorizake (cloudy sake), but it is still surprisingly dry. The aromas are bright and fresh and they show a lovely ricey and fruity combination. In the mouth, this sake has solid weight and gives the same flavors of fresh fruit and creamy fresh rice that your nose told you about. The finish has a pleasant astringency and is nicely mellow, beckoning you for another mouthful.
